Student Led Conferences

Next Thursday 23rd June, we will be having our student-led conferences. Thank you to all of the families who have returned their preferred time for their 15-minute meeting. If you don't return the form back, we will assign you a time throughout the day. A reminder to parents to arrive 5-10 minutes beforehand so you can collect your child's report and have a read. Siblings will have their conferences one after the other,

Child Safe Standards

Victoria's Child Safe Standards are a mandatory framework to protect children and young people from harm and abuse. All children have the right to feel safe and be safe. The standards exist to prevent harm and abuse happening in organisations. There are 11 policies that reflect the standards and each week I will be sending one policy with the newsletter for you to read and give feedback to.

Policy 1: BPS Child Safety Responding and Reporting Obligations Policy and Procedure.

The purpose of this policy is to outline the procedures our school has in place to respond to complaints or concerns relating to child abuse and to ensure that all staff and members of our school community understand and follow the various legal obligations that apply to the reporting of child abuse to relevant authorities. Please see this policy attached to the newsletter and if you have any feedback, please call me (Mrs Shelton) on 55234122

Flu Season

Just as we are seeing Covid cases rising in the community and school, we are also seeing the same for the flu. Symptoms include vomiting and extremely high temperatures. We ask you to continue to be vigilant with any symptoms your child may have and keep them at home if they are showing these. A reminder that all flu vaccinations are free in the month of June and you can book through your GP or walk into any pharmacy. Vaccinations can be given to children 5 years and up.

Your contributions help us to maintain a space where students are innovated by hands-on experimentation.

'Here are Bundarra's latest proud STEM participants. These students searched a popular fairy tale movie for characters. They then used a mind-mapping app to express the relationships between the characters. Some interesting images were then sourced from the internet to add to their mind-maps. Students found this to be an interesting way to organise data and present it in an informative way.

Can you guess which fairy tale they studied?'

'The joy and curiosity shown by Mara in STEM is great to witness. ~ Mrs Wombwell'

WHAT'S BEEN HAPPENING AT O.S.H.C?

Hello Families!

I hope everyone is excited for a well-deserved break over the Winter Holidays. I wanted to share a little bit about who we are.

At Big Child Care we believe in creating an environment where children feel safe, confident and secure in who they are as individuals. The activities we create are through the thoughts, interests and suggestions from your children. Each activity has a different skill focus or learning outcome to expand children knowledge.

With Holidays approaching fast we wanted as many new families as we can find to come and attend our beautiful Centre in Heywood. Get your enrolment form in today to secure a spot of fun!

This is the place for all children!
